

ENVIRONMENTAL POLICY STATEMENT

The Directors of Maintain Scotland Ltd recognises that the day-to-day operations can impact both directly and indirectly on the environment. We aim to protect and improve the environment through good management and by adopting best practice wherever possible.

In order to discharge its responsibilities, the management will:

- publish this Environmental Policy Statement
- carry out regular audits of the environmental management system
- comply fully with all relevant legal requirements, codes of practice and regulations
- eliminate risks to the environment, where possible, through selection of materials, equipment and processes
- ensure that emergency procedures are in place at all locations for dealing with environmental issues
- establish targets to measure the continuous improvement in our environmental performance
- identify and manage environmental risks and hazards
- improve the environmental efficiency of our transport and travel
- involve customers, clients, suppliers and subcontractors in the implementation of our objectives
- minimise waste and increase recycling within the framework of our waste management procedures
- only engage contractors who are able to demonstrate due regard to environmental matters
- prevent pollution to land, air and water
- promote environmentally responsible purchasing
- provide adequate resources to control environmental risks arising from our work activities
- reduce the use of water, energy and any other natural resources
- source materials from sustainable supply, when practicable
- where risks cannot be eliminated they will be minimised by substitution, use of physical controls or, as a last resort, through systems of work

This Environmental Policy will be reviewed at least annually and revised as necessary to reflect changes to the business activities and any changes to legislation.
